

## **VP Community Health FAQ:**

**Question 1: When we get 10 hours in an interest group, will it automatically show up on our MSPR?**

No, similar to documenting observerships, you need to input your interest group MSPR entry, which will be verified by the undergraduate medical education office. The location to enter your extra-curriculars and observerships can be located at: <http://app.med.uottawa.ca/StudentPortal/>

---

**Question 2: Can I be executive member of 3 interest groups?**

No, the undergraduate medical education office only has the option to enter your name as an executive for two interest groups. The limit of 2 also exists to distribute leadership opportunities fairly.

---

**Question 3: Can I grab two bananas from the free breakfast event?**

3 if you want. ;)
